

New Home Manager Lucas House

Supported Living

Upon it's reopening, Lucas House Supported Living service has recently appointed a **new Home Manager: Mbye Sey.**

Mbye Sey has a decade of experience in the health and social care sector, working in a variety of settings – from Domiciliary Care, Adolescent Activity Support, to Supported Living (Forensic, Complex and Challenging behaviour) and Live-in Care.

Mbye was a top performing manager 2019 in his previous job, he has achieved some amazing outcomes; from developing peoples' social skills to enable them live independently in the community.

Mbye describes his management and leadership style as transformational, compassionate, driven, co-production and person-centred; he prides himself for being an advocate for the people he works with to ensure they receive best quality of care and support.

Lucas house is a large, heritage home with 5 bedrooms, 1 with an ensuite and the others sharing two bathrooms. All the rooms are large and spacious, as well as being freshly rennovated with new carpets, trimmings, and a fresh coat of paint. There is an open plan lounge, kitchen and dinning room, plus a very large garden for communal living. The home is situated in a quiet road, approximately 15 minutes walk from High Wycombe town centre and all transport links.

People supported at Lucas House have access to a range of further education opportunities locally, as well as tight-knit engagement with the community and access to a wide range of community interests.
