

Introducing Connington

Connington is a specialist Learning Disability and Autism supported living home based in the London Borough of Waltham Forest. We offer a specialist robust and enabling care pathway to adults with complex presentations. Each flat is independent and has its own entry system.

We are delighted to announce the arrival of a new management team who are eager to understand your current placement needs, discuss our updated cost packages and help you utilise the vacancies at Connington, which can be customised to meet individual needs.

Our specialist offer:
Positive Behaviour Support
Occupational Therapy
Speech and Language Therapy
Proact-Scipr-UK trained staff
Bespoke Support Plans

Erika Aldridge Liaise London Regional General Manager

"I have over 15 years' experience in the care sector and I am passionate about delivering services that are safe, effective, and person-centred, driven by the needs and aspirations of the people we serve."

Connington is well known for positively changing the lives of people with the most complex needs and urge you to contact us and visit the service to learn about our wonderful achievements."

Florence Onwordi Our New Service Manager

"I have over 20 years' experience in the care sector and have had the privilege of managing many services in multiple sectors."

I am delighted by the passion and dedication to care of the Connington Team who are so focused on enabling the people we support to grow so they become less dependent upon other support and improve the quality and independence of their lives. "
