Committed to Co-Production

We have an established Influencers Group, made up of people we support, who play a pivotal role in shaping our services. Their insight ensures that everything we do reflects the needs, preferences, and aspirations of those with lived experience.

By actively listening to and involving this group, we embed authentic perspectives into every aspect of our work. From reviewing policies and practices to shaping key working approaches and designing new living opportunities, their voices directly influence how we develop and improve our support.

Every Day, We Help People Thrive

Our Outcomes Pathway Model ensures support is designed with and for each person, creating tailored strategies shaped around their hopes, goals, and aspirations.

This multidisciplinary approach enables us to deliver high-quality, personalised support so people can achieve what matters most to them.

Progress that Matters, Led by the People We Support

Darren, who lives in one of our South East residential homes, is known for his vibrant personality, enthusiasm, and love of meeting new people. To support his social and emotional wellbeing, the team helped him access new opportunities in the community through PHAB Club. Since joining last year, Darren has embraced a wide range of activities, including archery, rifle shooting, power boating, discos, and a six-week activity programme. His enthusiasm and commitment were recognised when he received the club's "Most Spirited Member" award.

Through his involvement with PHAB Club, Darren has built confidence, developed new skills, formed meaningful friendships, and strengthened his connection to the community. His journey demonstrates the positive impact that tailored, interest-led support can have in promoting independence, inclusion, and a sense of achievement.
