We have dedicated in-house PBS Practitioners and all team members receive non-restrictive PBS and PROACT-SCIPr-UK training. This collaborative model enables us to deliver support that leads to meaningful progress, always driven by what matters most to the people we support.

# Committed to Co-Production

By actively listening to and involving this group, we embed authentic perspectives into every aspect of our work. From reviewing policies and practices to shaping key working approaches and designing new living opportunities, their voices directly influence how we develop and improve our support.

# Progress that Matters, Led by the People We Support

Connor initially told the Ashwood team he wanted to be Deputy Manager, but after David explained the responsibilities, he realised it wasn't the right role. What Connor truly wanted was a job where he could dress smartly and feel confident.

Through supportive conversations, Connor chose to become an Office Assistant at Ashwood House. The role boosts his confidence, supports his wellbeing and gives him meaningful weekly activity. The Support Office team even created an official ID badge, which he now uses to sign in and out independently - building his safety awareness and everyday living skills.

Connor has quickly become a valued member of the office team. His humour strengthens relationships, his weekly routine supports his health, and the experience is helping him grow towards greater independence. Connor's dream is to get a job, and we will continue building his confidence and skills to help him gain work experience outside of Liaise.
