Pebble Grove

Our residential care home in
Worthing, West Sussex

Experience you can trust, support you can rely on

Our South East residential homes offer tailored, specialist, bespoke support for adults with learning disabilities and autistic people, including those with complex needs or behaviours of concern. Guided by robust Positive Behaviour Support (PBS) strategies and backed by over 20 years of trusted expertise, we deliver truly person-led care - designed to be as unique as the individuals we support.

Why choose us?

Tailored Living - Our home offers spacious and calming environments designed around individual needs. Nearby amenities include Worthing town centre, the seafront and nearby sea-side towns of Brighton and Bognor Regis.

Co-Produced, Person-Led Support - Shaped by people with lived experience, our support is built around each person's strengths, passions, and goals. That could mean volunteering in a charity shop, publishing blog posts, or leading art workshops - whatever matters most to them.

Expert, Caring Team - All our staff are trained in Positive Behaviour Support (PBS) and Proact-SCIPr-UK. Each person we support has a tailored PBS plan, with input from our in-house PBS Practitioners.

Our two available first-floor bedrooms include:

- Fully Furnished Comfort: Each room comes with a bed, dresser, wardrobe, and a cozy armchair.
- Private En-Suite Wetroom or Shower.
- Bright and Airy: Large windows fill the space with natural light and offer pleasant views of the garden.

Daren brings over 25 years of experience as a Registered Manager in Health and Social Care, spanning care homes, treatment clinics, home care, supported living, and youth work.

Co-production

We're proud to have an established Influencers Group, made up of people we support. This group plays a pivotal role in shaping our plans, ensuring they are genuinely aligned with the needs and aspirations of all those living in a Liaise home.

By listening to people with lived experience, we bring an enriched, authentic perspective to everything we do. From policy and practice reviews to designing new homes, their voices directly influence our approach to key working, goal setting, and designing homes.

Our commitment to co-production means creating meaningful partnerships that drive inclusion and deliver homes truly tailored to those we support.

Improving lives

Built on the principles of Positive Behaviour Support (PBS) and Proact-SCIPr-UK training, our approach prioritises respect for individual needs, promotes independence, and ensures safety and well-being.

We go beyond standard care by equipping all team members with specialist PBS training, guided by the expertise of PBS Practitioners. Our approach enables us to deliver high-quality, tailored support that drives meaningful outcomes for the people we support.

Our Outcomes Pathway Model helps us design bespoke care strategies based on each person’s hopes, goals, and aspirations.

Outcomes Based Success

When Adam first joined the Marlow community, daily life felt overwhelming. He relied on regular medication and often struggled during stressful moments. With steady, person-led support from a team who believed in him, things gradually began to change.

As Adam grew more confident and emotionally settled, he no longer needed his medication - a milestone that brought a noticeable boost to his wellbeing and independence. With his confidence rising, he took on an IT course at college and began planning new adventures, including an upcoming cruise he's been excited about for months.

Adam's journey shows the power of time, trust, and tailored support. His progress continues to inspire everyone around him.
