Experience you can trust, support you can rely on

Our London residential and supported living homes provide specialist, bespoke support for adults with learning disabilities and autistic people, including those with complex needs and behaviours of concern. Backed by over 20 years of expertise, we combine Positive Behaviour Support (PBS) and Speech and Language Therapy (SALT) to deliver truly person-led care.

Why choose us?

Tailored Living - Our home offers spacious and calming environments designed around individual needs. Local amenities like Dartford Library and Fairfield Leisure Centre help people stay active, while nearby green spaces such as Central Park and Darenth Country Park offer peaceful spots for relaxation and sensory exploration.

Co-Produced, Person-Led Support - Shaped by people with lived experience, we build care plans around each person's strengths and goals - like supporting someone with a passion for art to lead classes.

Expert, Caring Team - All our staff are trained in Positive Behaviour Support (PBS) and Proact-SCIPr-UK. Each person we support has a tailored PBS plan, with input from our in-house PBS Practitioners, Speech and Language Therapists, and Occupational Therapists.

Co-production

We're proud to have an established Influencers Group, made up of people we support. This group plays a pivotal role in shaping our plans, ensuring they are genuinely aligned with the needs and aspirations of all those living in a Liaise home.

By listening to people with lived experience, we bring an enriched, authentic perspective to everything we do. From policy and practice reviews to designing new homes, their voices directly influence our approach to key working, goal setting, and designing homes.

Our commitment to co-production means creating meaningful partnerships that drive inclusion and deliver homes truly tailored to those we support.

Improving lives

Built on the principles of Positive Behaviour Support (PBS) and Proact-SCI Pr-UK training, our approach prioritises respect for individual needs, promotes independence, and ensures safety and well-being.

We go beyond standard care by equipping all team members with specialist PBS training, guided by the expertise of PBS Practitioners, Speech and Language Therapists, and Occupational Therapists. This collaborative approach enables us to deliver high-quality, tailored support that drives meaningful outcomes for the people we support.

Our Outcomes Pathway Model helps us design bespoke care strategies based on each person's hopes, goals, and aspirations.

Outcomes Based Success

Lisa has made remarkable progress since moving into our home in 2016.

Before her move, she often experienced behaviours that challenged and found it difficult to engage in activities. With consistent, compassionate support from the team, Lisa has truly flourished. Today, she's known for her warmth, friendliness, and kindness - and she especially enjoys taking part in our group karaoke sessions, where her confidence and joy really shine.
