## Liaise's Specialist Support

In our Midlands region, we provide five key areas of specialist support.

We have a trained PBS Practitioner with a nursing background who supports people with complex behaviour needs.

## Liase's Specialist Support

We work with people to design flexible supported living services, including opportunities to open new homes.

We support people to move from hospital or higher support into supported living in a planned and safe way.

We help young people move into adult support with care that is right for their age and needs.
