

# Meridian

Our supported living home in  
Woolwich, London

SE18 7JN

# Experience you can trust, support you can rely on

We provide specialist and bespoke support for adults with learning disabilities, autistic people and individuals with complex needs and behaviours of concern. Our pathway of integrated services includes supported living and residential care across London, the South and East of England.

# Welcome to Meridian

Meridian is our supported living complex in Woolwich, South London, comprising three welcoming homes - Meridian Court, Meridian Mews, and Meridian Place - each designed to offer a safe, modern, and empowering environment.

- **Co-Produced, Person-Centred Support:** Shaped by people with lived experience through our Influencers Group, we build care plans around each person's strengths and goals - like supporting someone with a passion for art to lead classes, boosting confidence and inspiring others.
- **Expert, Caring Team:** All staff are trained in Positive Behaviour Support (PBS) and Proact-SCIPr-UK. Each person we support has a tailored PBS plan, with input from our in-house PBS Practitioners, Speech and Language Therapists, and Occupational Therapists, promoting safety, independence, and progress.
- **Tailored Environments:** Our homes are designed around individual sensory, physical, and behavioural needs, with flexible layouts and calming spaces.
- **Comfortable, Accessible Living:** We offer self-contained flats and shared spaces with private kitchens, en-suite bedrooms, a conservatory, a garden and patio, and off-street parking. Ground-floor access ensures full accessibility.
- **Great Location and Community:** Close to a SEND college, Woolwich Common and riverside walks, with excellent transport links via Woolwich and Woolwich Arsenal (DLR, Elizabeth Line, Southeastern, Thameslink).

# Meet the team

**Suzanne**, Regional General Manager for London and the South East Region

Suzanne offers over 28 years of social care experience, including leadership roles at Active Care Group. Dedicated to achieving exceptional outcomes for individuals, Suzanne leads by example, transforming care and fostering supportive environments for both those we support and her colleagues.

I just wanted to say a special 'thank you' for all your incredible support and advice in setting up our loved one's Mobility car.

**Family Member**

I wanted to acknowledge the input from staff and the multidisciplinary team for the wonderful care to a supported individual over the last 12 months. They have benefited from the support. It is wonderful them learning skills, accessing community, developing new friendship to enhance her quality of life and experiences.

# Co-production

We're proud to have an established Influencers Group, made up of supported individuals from our homes. This group plays a pivotal role in shaping our plans, ensuring they are genuinely aligned with the needs and aspirations of all those living in a Liaise home.

By listening to people with lived experience, we bring an enriched, authentic perspective to everything we do. From policy and practice reviews to designing new homes, their voices directly influence our approach to key working, goal setting, and designing services.

Our commitment to co-production means creating meaningful partnerships that empower individuals, drives inclusion, and deliver homes truly tailored to those we support. Together with our Influencers, we're making Liaise the best possible place to live - a place where everyone's voice shapes the future.

# Improving Lives

Built on the principles of Positive Behaviour Support (PBS) and Proact-SCIPr-UK training, our approach prioritises respect for individual needs, promotes independence, and ensures safety and well-being.

We go beyond standard care by equipping all team members with specialist PBS training, guided by the expertise of PBS Practitioners, Speech and Language Therapists, and Occupational Therapists. This collaborative approach enables us to deliver high-quality, tailored support that drives meaningful outcomes for the people we support.

Our innovative Outcomes Pathway Model (right) helps us design bespoke care strategies based on each person's unique hopes, goals, and aspirations.

## Driving Independence

After months of preparation, Nathan\* has received his brand-new Motability car - a major step toward greater independence.

This journey began with Motability approval in March and was supported every step of the way by our dedicated team. Guided by PBS principles and Proact-SCIPr-UK training, we focused on Nathan's individual goals and well-being, overcoming challenges to achieve a meaningful outcome.

Nathan's new car will help him connect more with his community and enjoy greater freedom, an example of how our Outcomes Pathway Model and specialist team work together to turn aspirations into reality.
