Siobhan has been Cornfields and Cornview's Registered Home Manager since 2023 and was previously their Deputy Manager for 7 years. Before joining Liaise, Siobhan worked in a residential home for the elderly for 20 years, where she gained her NVQ level 4 in Health and social Care and RMA level 4.

Co-production

We're proud to have an established Influencers Group, made up of supported individuals from our homes. This group plays a pivotal role in shaping our plans, ensuring they are genuinely aligned with the needs and aspirations of all those living in a Liaise home.

By listening to people with lived experience, we bring an enriched, authentic perspective to everything we do. From policy and practice reviews to designing new homes, their voices directly influence our approach to key working, goal setting, and designing services.

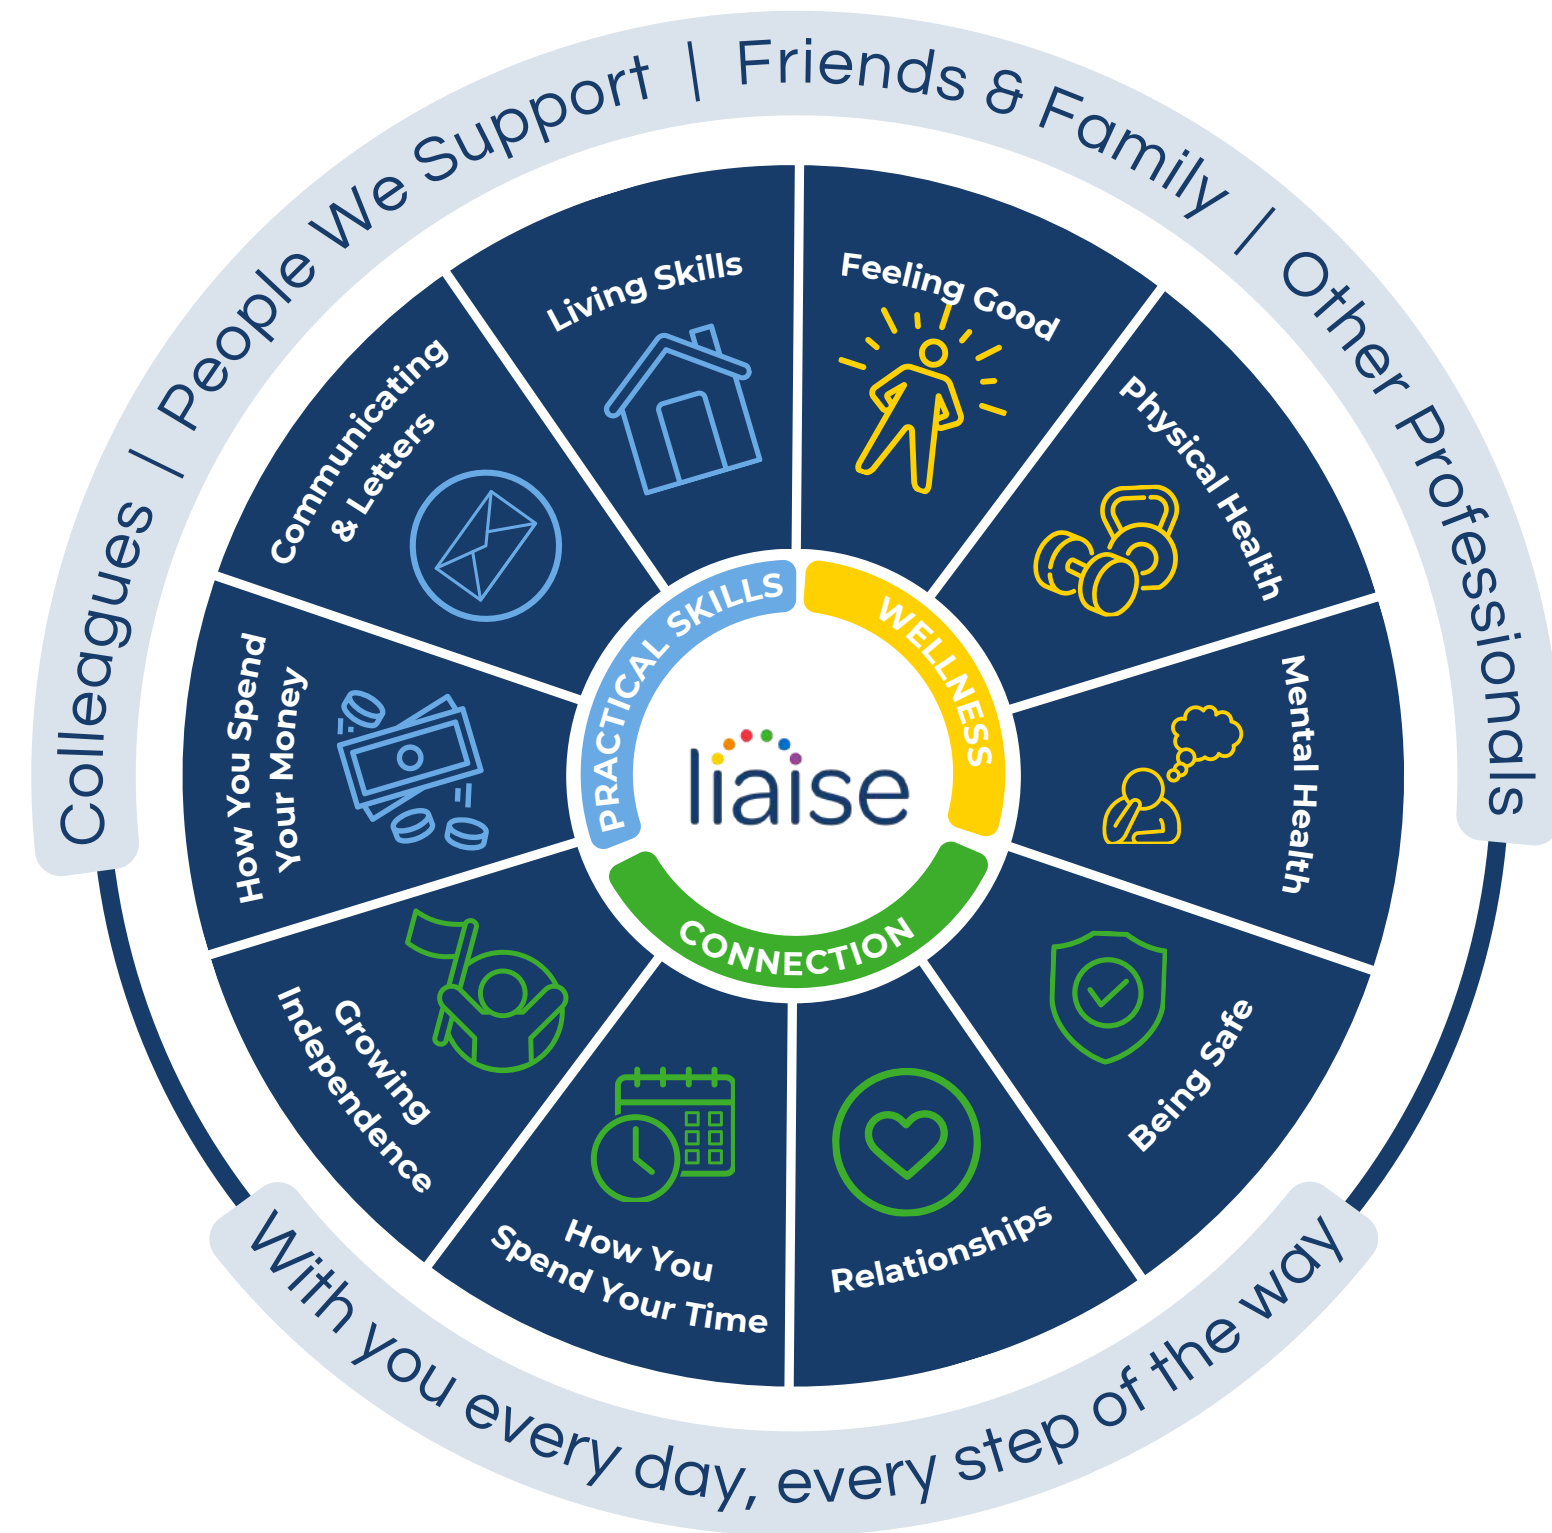

Our commitment to co-production means creating meaningful partnerships that empower individuals, drives inclusion, and deliver homes truly tailored to those we support.

Improving lives

Built on the principles of Positive Behaviour Support (PBS) and Proact-SCIPr-UK training, our approach prioritises respect for individual needs, promotes independence, and ensures safety and well-being.

We go beyond standard care by equipping all team members with specialist PBS training, guided by the expertise of PBS Practitioners, Speech and Language Therapists, and Occupational Therapists. This collaborative approach enables us to deliver high-quality, tailored support that drives meaningful outcomes for the people we support. Our Outcomes Pathway Model helps us design bespoke care strategies based on each person's hopes, goals, and aspirations.

Outcomes Based Success

Charlotte is one of the people that has recently moved into a Liaise home. Charlotte was assessed earlier this year, and it was clear from the start that she would be a perfect fit for Cornfields. She came to visit the home a couple of weeks later, which also happened to be her birthday! Charlotte instantly loved the kitchen and her future bedroom, and by the end of her visit, she told us she would love to live here.
