Supported living in  
Peterborough

# Experience you can trust, support you can rely on

Our supported living model provides specialist, bespoke support for adults with learning disabilities and autistic people, including those with complex needs and behaviours of concern. Backed by over 20 years of expertise, we use Positive Behaviour Support (PBS) to deliver truly person-led care.

# Why choose us?

**Tailored Living** - Our homes offer spacious and calming environments designed around individual needs. Nearby amenities include a local disability day centre and Peterborough City Centre.

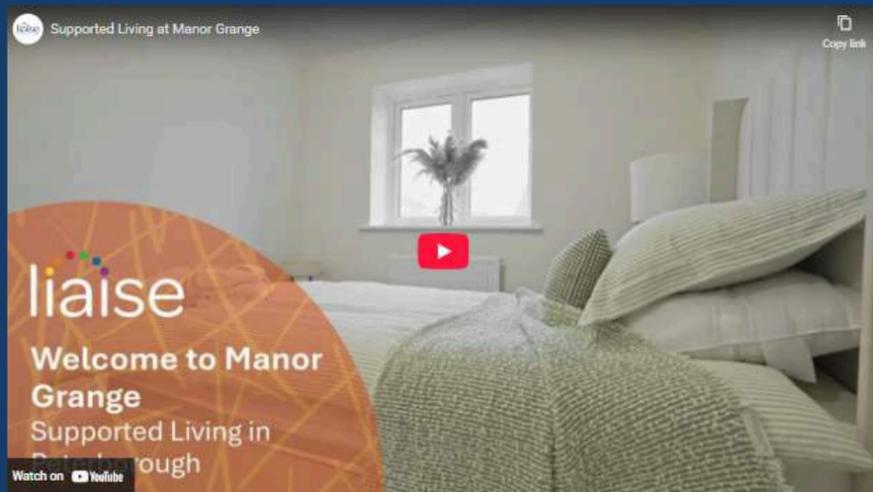

**Co-Produced, Person-Led Support** - Shaped by people with lived experience, our support is built around each person's strengths, passions, and goals. That could mean volunteering in a charity shop, publishing blog posts, or leading art workshops - whatever matters most to them.

**Expert, Caring Team** - All our staff are trained in Positive Behaviour Support (PBS) and Proact-SCIPr-UK. Each person we support has a tailored PBS plan, with input from our in-house PBS Practitioners.

## Each home has:

- **Bedrooms:** Two first-floor bedrooms with a separate bathroom. These can be altered to provide extra support.
- **Private Communal Area:** The homes feature a lounge and kitchen, with space in either for a dining area. White goods are provided and installed in the kitchen.
- **Private Gardens:** Two homes will share a private garden space.

“I want to pass on my thanks to all the staff for supporting an individual with their birthday and making it a special day. Thank you for all your care and understanding.”

# Co-production

We're proud to have an established Influencers Group, made up of people we support. This group plays a pivotal role in shaping our plans, ensuring they are genuinely aligned with the needs and aspirations of all those living in a Liaise home.

By listening to people with lived experience, we bring an enriched, authentic perspective to everything we do. From policy and practice reviews to designing new homes, their voices directly influence our approach to key working, goal setting, and designing homes.

Our commitment to co-production means creating meaningful partnerships that drive inclusion and deliver homes truly tailored to those we support.

# Improving lives

Built on the principles of Positive Behaviour Support (PBS) and Proact-SCIPr-UK training, our approach prioritises respect for individual needs, promotes independence, and ensures safety and well-being.

We go beyond standard care by equipping all team members with specialist PBS training, guided by the expertise of PBS Practitioners. Our approach enables us to deliver high-quality, tailored support that drives meaningful outcomes for the people we support.

Our Outcomes Pathway Model helps us design bespoke care strategies based on each person’s hopes, goals, and aspirations.

# Outcomes Based Success

Rachel, one of our Liaise Influencers and a talented painter, has a real passion for art and creativity. She expresses herself through her vibrant paintings and often sells her work to people who admire her unique style.

A few times a week, she works as part of a creative team, continuing to develop her skills and share her ideas. A standout moment for Rachel was attending the Big Purple Funfest - a joyful celebration of her talent, positivity, and love for art.
