Pebble Grove

Our residential care home in
Worthing, West Sussex

Experience you can trust, support you can rely on

Our South East residential homes offer tailored, specialist, bespoke support for adults with learning disabilities, autistic people, and those with complex needs or behaviours of concern. Guided by robust Positive Behaviour Support (PBS) strategies and backed by over 20 years of trusted expertise, we deliver truly person-led care - designed to be as unique as the individuals we support.

Why choose us?

Tailored Living - Our home offers spacious and calming environments designed around individual needs. Nearby amenities include Worthing town centre, the seafront and nearby sea-side towns of Brighton and Bognor Regis.

Co-Produced, Person-Led Support - Shaped by people with lived experience, our support is built around each person's strengths, passions, and goals. That could mean volunteering in a charity shop, publishing blog posts, or leading art workshops - whatever matters most to them.

Expert, Caring Team - All our staff are trained in Positive Behaviour Support (PBS) and Proact-SCIPr-UK. Each person we support has a tailored PBS plan, with input from our in-house PBS Practitioners.

Our two available first-floor bedrooms include:

- Fully Furnished Comfort: Each room comes with a bed, dresser, wardrobe, and a cozy armchair.
- Private En-Suite Wetroom or Shower.
- Bright and Airy: Large windows fill the space with natural light and offer pleasant views of the surrounding area.

Meet the team

Suzanne, Regional General Manager for London and the South East Region

Suzanne offers over 28 years of social care experience, including leadership roles at Active Care Group. Dedicated to achieving exceptional outcomes for individuals, Suzanne leads by example, transforming care and fostering supportive environments for both those we support and her colleagues.

Stephanie, Operations Manager for the South East Region

Stephanie's background includes leading a 26-bed nursing service for Voyage Care. She is committed to collaboration and teamwork, ensuring the people we support receive high-quality care with dignity and respect, always striving to deliver the best possible outcomes.

Darren, Registered Manager at Marlow Flats

Daren has over 25 years of experience as a Registered Manager in Health and Social Care, covering a variety of services including Care Homes, Treatment Clinics, Home Care, Supported Living, and Youth Work. Working with a diverse range of people, Darren leads his team in delivering the best quality of life possible to the people we support.

Co-production

We're proud to have an established Influencers Group, made up of supported individuals from our homes. This group plays a pivotal role in shaping our plans, ensuring they are genuinely aligned with the needs and aspirations of all those living in a Liaise home.

By listening to people with lived experience, we bring an enriched, authentic perspective to everything we do. From policy and practice reviews to designing new homes, their voices directly influence our approach to key working, goal setting, and designing services.

Our commitment to co-production means creating meaningful partnerships that drive inclusion and deliver homes truly tailored to those we support.

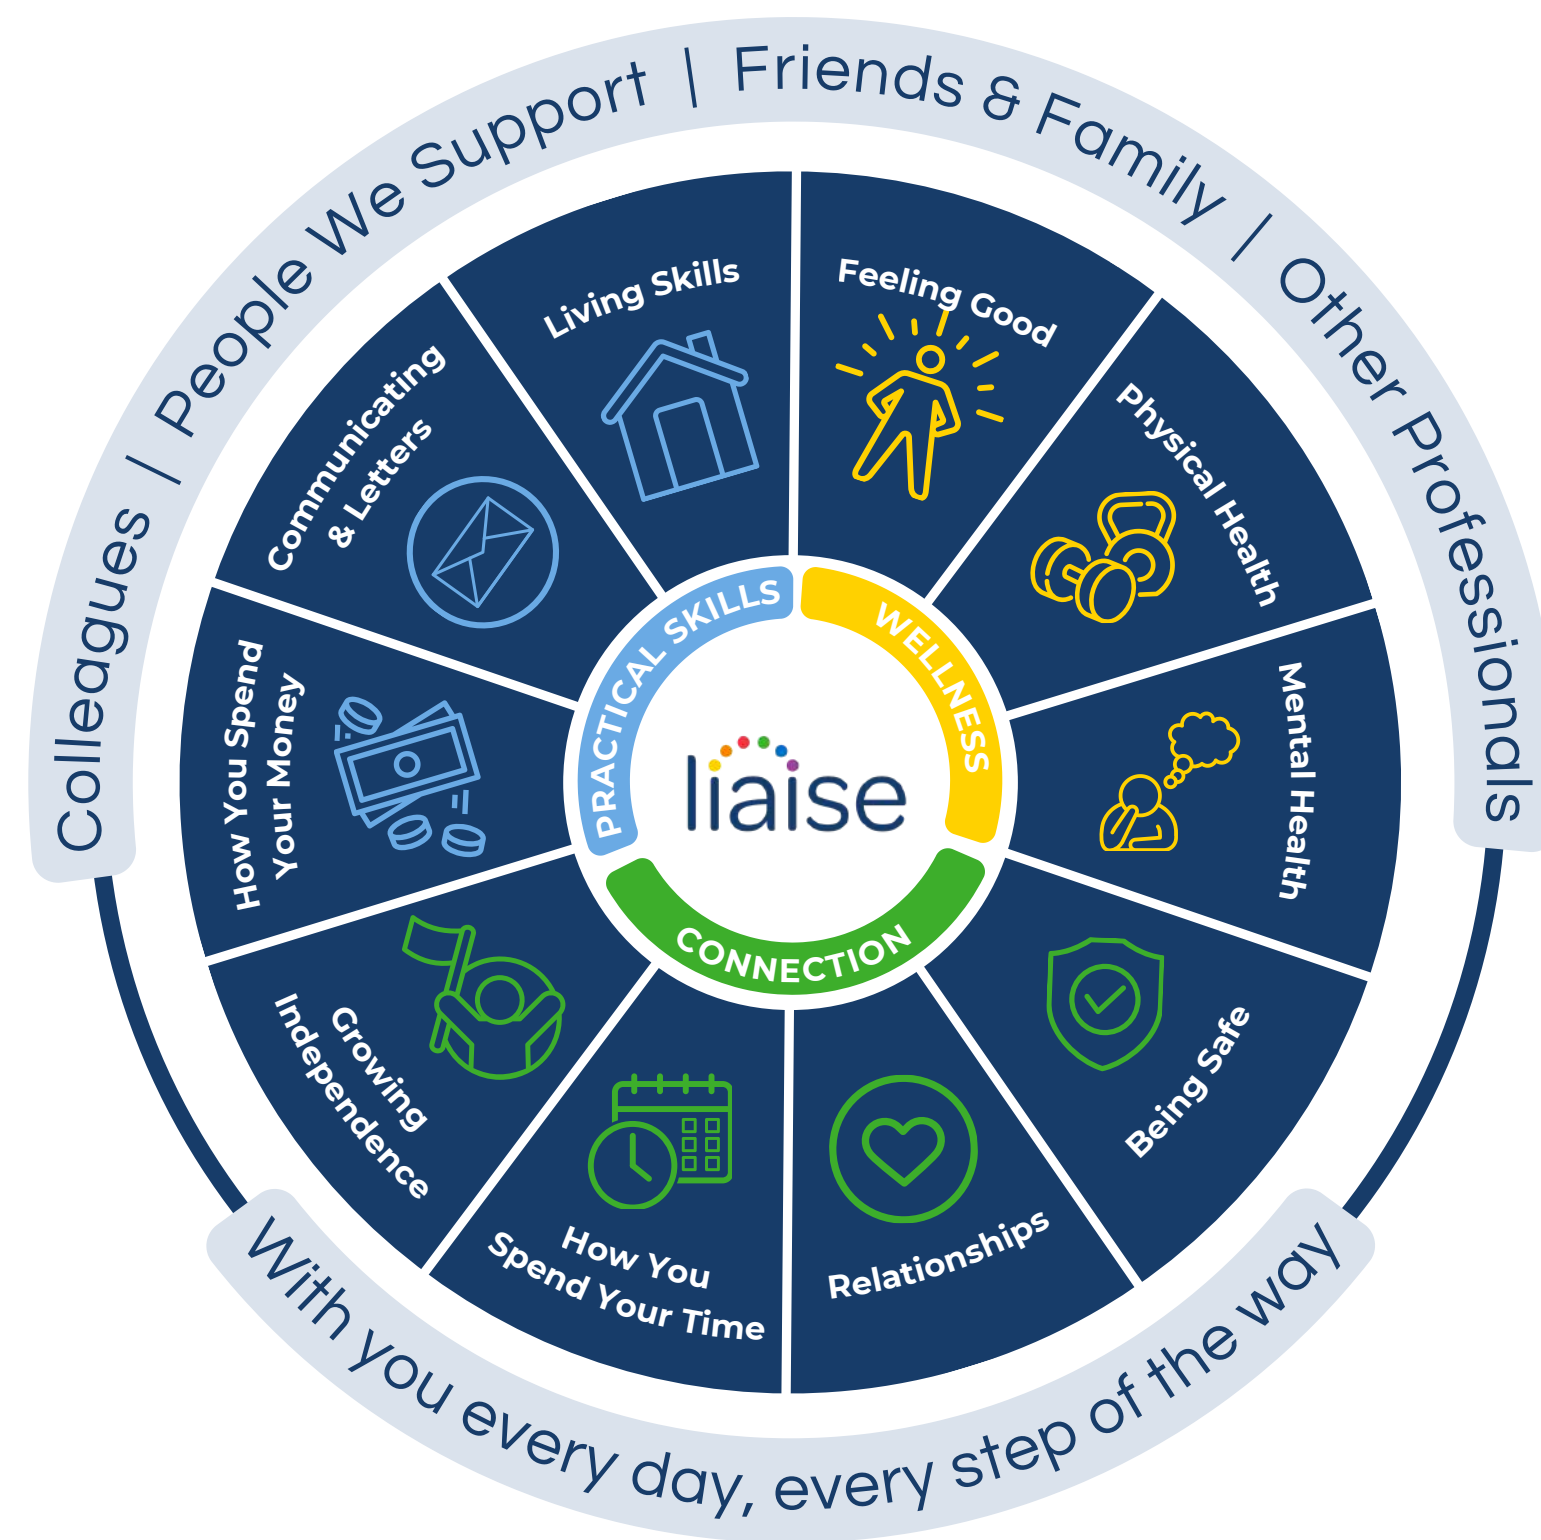

Improving lives

Built on the principles of Positive Behaviour Support (PBS) and Proact-SCIPr-UK training, our approach prioritises respect for individual needs, promotes independence, and ensures safety and well-being.

We go beyond standard care by equipping all team members with specialist PBS training, guided by the expertise of PBS Practitioners. Our approach enables us to deliver high-quality, tailored support that drives meaningful outcomes for the people we support.

Our Outcomes Pathway Model helps us design bespoke care strategies based on each person's hopes, goals, and aspirations.

Outcomes Based Success

When Adam joined the Marlow community, daily life felt difficult to manage. He relied on regular medication to cope, and moments of stress often became overwhelming. But with steady, person-centred support and a team who believed in his strengths, things slowly began to shift.

Over time, Adam grew more confident, more settled, and more in control of his emotions. With the right encouragement, he no longer needed his medication, a milestone that brought a noticeable lift to his well-being and independence. As his confidence grew, so did his ambitions, from taking on an IT course at college to planning future adventures, including a cruise holiday he's been excited about for months.

Adam's journey shows what can happen when someone is given time, trust, and support that truly understands them. His progress continues to inspire those around him, reminding us that with belief and opportunity, people can achieve far more than they ever thought possible.
