Ramsey

Providing supported living in
Ramsey, Cambridgeshire

Experience you can trust, support you can rely on

We provide specialist and bespoke support for adults with learning disabilities, autistic people and individuals with complex needs and behaviours of concern.

Backed by over 20 years of expertise, our approach is grounded in Positive Behaviour Support (PBS) and always led by the people we support.

Why choose us?

Community, Nature, and Connection - Local amenities like Ramsey Library and One Leisure Centre help people stay active and engaged, while nearby green spaces such as Ramsey Heights Nature Reserve offer peaceful spots for sensory exploration. Accessible bus routes, including the RH5, connect residents to surrounding towns, supporting independence and community involvement.

Co-Produced, Person-Led Support - Shaped by people with lived experience, our support is built around each person's strengths, passions, and goals. That could mean volunteering in a charity shop, publishing blog posts, or leading art workshops - whatever matters most to them.

Expert, Caring Team - All our staff are trained in Positive Behaviour Support (PBS) and Proact-SCIPr-UK. Each person we support has a tailored PBS plan, with input from our in-house PBS Practitioners.

We're offering four thoughtfully designed flats - two on the ground floor and two on the first floor, accessible via a widened central staircase. Each flat includes:

- **One or two spacious rooms:** Depending on the flat, these can be used flexibly as bedrooms or a bedroom and private living space
- **Wet room-style bathroom:** Equipped with a toilet and sink
- **Self-contained kitchen**
- **Shared garden access:** Enjoy outdoor space in a welcoming community setting

Meet the team

Lisa, Regional General Manager for the East Anglia and Midlands Region

Lisa joined Liaise in November 2024, bringing over 30 years of experience in Learning Disabilities and Autism. Starting as a support worker, she quickly advanced to leadership roles, including Head of Operations for a charity in Cambridgeshire. Lisa is passionate about fostering a supportive environment for both those we support and her colleagues.

Beth, Registered Manager at Ramsey

Beth joined Liaise in 2024, bringing over 20 years of experience in health and social care. Since stepping into management in 2017, they have remained committed to service improvement and person-led support. Passionate and dedicated, she continuously strives to enhance the quality of care and outcomes for the people we support.

Co-production

We're excited to have an established Influencers Group, made up of supported individuals from our homes. This group plays a pivotal role in shaping our plans, ensuring they are genuinely aligned with the needs and aspirations of all those living in a Liaise home.

By listening to people with lived experience, we bring an enriched, authentic perspective to everything we do. From policy and practice reviews to designing new homes, their voices directly influence our approach to key working, goal setting, and designing services.

Our commitment to co-production means creating meaningful partnerships that drive inclusion and deliver homes truly tailored to those we support.

Improving lives

Built on the principles of Positive Behaviour Support (PBS) and Proact-SCIPr-UK training, our approach prioritises respect for individual needs, promotes independence, and ensures safety and well-being.

We go beyond standard care by equipping all team members with specialist PBS training, guided by the expertise of PBS Practitioners. Our approach enables us to deliver high-quality, tailored support that drives meaningful outcomes for the people we support.

Our Outcomes Pathway Model helps us design bespoke care strategies based on each person's hopes, goals, and aspirations.

Outcomes Based Success

Rachel, one of our brilliant influencers, interviewed several people we support, bringing their stories to life with warmth and authenticity. She shared these insights at our leadership conference, creating a powerful connection between leaders and the voices that matter most.

This project not only sparked meaningful conversations but also gave Rachel the chance to build relationships across our organisation and develop her independence and communication skills.
