Riverside Haven

Our supported living home in
Spalding, Lincolnshire

Experience you can trust, support you can rely on

Our Midlands supported living homes provide specialist, bespoke support for adults with learning disabilities, autistic people, and individuals with complex needs and behaviours of concern. Backed by over 20 years of expertise, we combine Positive Behaviour Support (PBS) and Speech and Language Therapy (SALT) to deliver truly person-led care.

Why choose us?

Tailored Living - Enjoy the perfect mix of privacy and community in our self-contained home supporting up to six individuals. With private spaces, the apartments are wheelchair friendly and support a welcoming environment for extra comfort.

Co-Produced, Person-Centred Support - Shaped by people with lived experience, we build care plans around each person's strengths and goals - like supporting someone with a passion for art to lead classes.

Expert, Caring Team - All our staff are trained in Positive Behaviour Support (PBS) and Proact-SCIPr-UK. Each person we support has a tailored PBS plan, with input from our in-house PBS Practitioners, Speech and Language Therapists, and Occupational Therapists.

Each apartment has:

- **Bedrooms:** Both ground-floor apartments have two bedrooms, and the rest have one. These bedrooms are unfurnished.
- **Private Bathrooms:** There is a separate bathroom next to the bedroom. These can be altered to provide extra support.
- **Private Communal Area:** This space features an open-plan kitchenette and lounge area. White goods are provided and installed in the kitchen.
- **Wheelchair Accessible:** The entire building is wheelchair-friendly, with lift access to all three floors.

Co-production

We're proud to have an established Influencers Group, made up of supported individuals from our homes. This group plays a pivotal role in shaping our plans, ensuring they are genuinely aligned with the needs and aspirations of all those living in a Liaise home.

By listening to people with lived experience, we bring an enriched, authentic perspective to everything we do. From policy and practice reviews to designing new homes, their voices directly influence our approach to key working, goal setting, and designing services.

Our commitment to co-production means creating meaningful partnerships that empower individuals, drives inclusion, and deliver homes truly tailored to those we support.

Improving lives

Built on the principles of Positive Behaviour Support (PBS) and Proact-SCIPr-UK training, our approach prioritises respect for individual needs, promotes independence, and ensures safety and well-being.

We go beyond standard care by equipping all team members with specialist PBS training, guided by the expertise of PBS Practitioners, Speech and Language Therapists, and Occupational Therapists. This collaborative approach enables us to deliver high-quality, tailored support that drives meaningful outcomes for the people we support. Our Outcomes Pathway Model helps us design bespoke care strategies based on each person's hopes, goals, and aspirations.

Outcomes Based Success

Since moving into one of our supported living homes, Fred has made remarkable progress. With a calm, consistent environment and tailored support, his behaviour has improved significantly.

He now attends the gym and swimming pool regularly and has started a college course - thriving in the community and living more independently.
