Providing supported living in
Farcet, Cambridgeshire

Experience you can trust, support you can rely on

Our Midlands supported living homes provide specialist, bespoke support for adults with learning disabilities, autistic people, and individuals with complex needs and behaviours of concern. Backed by over 20 years of expertise, we use Positive Behaviour Support (PBS) to deliver truly person-led care.

Why choose us?

Community, Nature, and Connection - Enjoy the perfect mix of privacy and community in our self-contained bungalows with private spaces, including individual garden spaces. With private spaces, the bungalows are wheelchair friendly and support a secondary bedroom or sensory room for extra comfort.

Co-Produced, Person-Led Support - Shaped by people with lived experience, our support is built around each person's strengths, passions, and goals. That could mean volunteering in a charity shop, publishing blog posts, or leading art workshops - whatever matters most to them.

Expert, Caring Team - All our staff are trained in Positive Behaviour Support (PBS) and Proact-SCIPr-UK. Each person we support has a tailored PBS plan, with input from our in-house PBS Practitioners.

We're offering specially designed and purposely built bungalows. Each bungalow has:

- Two Bedrooms: One can be adapted as a sensory or comfort room.
- Private Bathroom: Located next to the bedrooms and can be modified for additional support.
- Open-Plan Living: Includes a kitchenette and lounge with installed white goods.
- Private Garden: Ideal for relaxation or daily activities.
- Wheelchair Accessible: Fully accessible and adaptable to individual mobility needs.

Co-production

We're proud to have an established Influencers Group, made up of supported individuals from our homes. This group plays a pivotal role in shaping our plans, ensuring they are genuinely aligned with the needs and aspirations of all those living in a Liaise home.

By listening to people with lived experience, we bring an enriched, authentic perspective to everything we do. From policy and practice reviews to designing new homes, their voices directly influence our approach to key working, goal setting, and designing services.

Our commitment to co-production means creating meaningful partnerships that drive inclusion and deliver homes truly tailored to those we support.

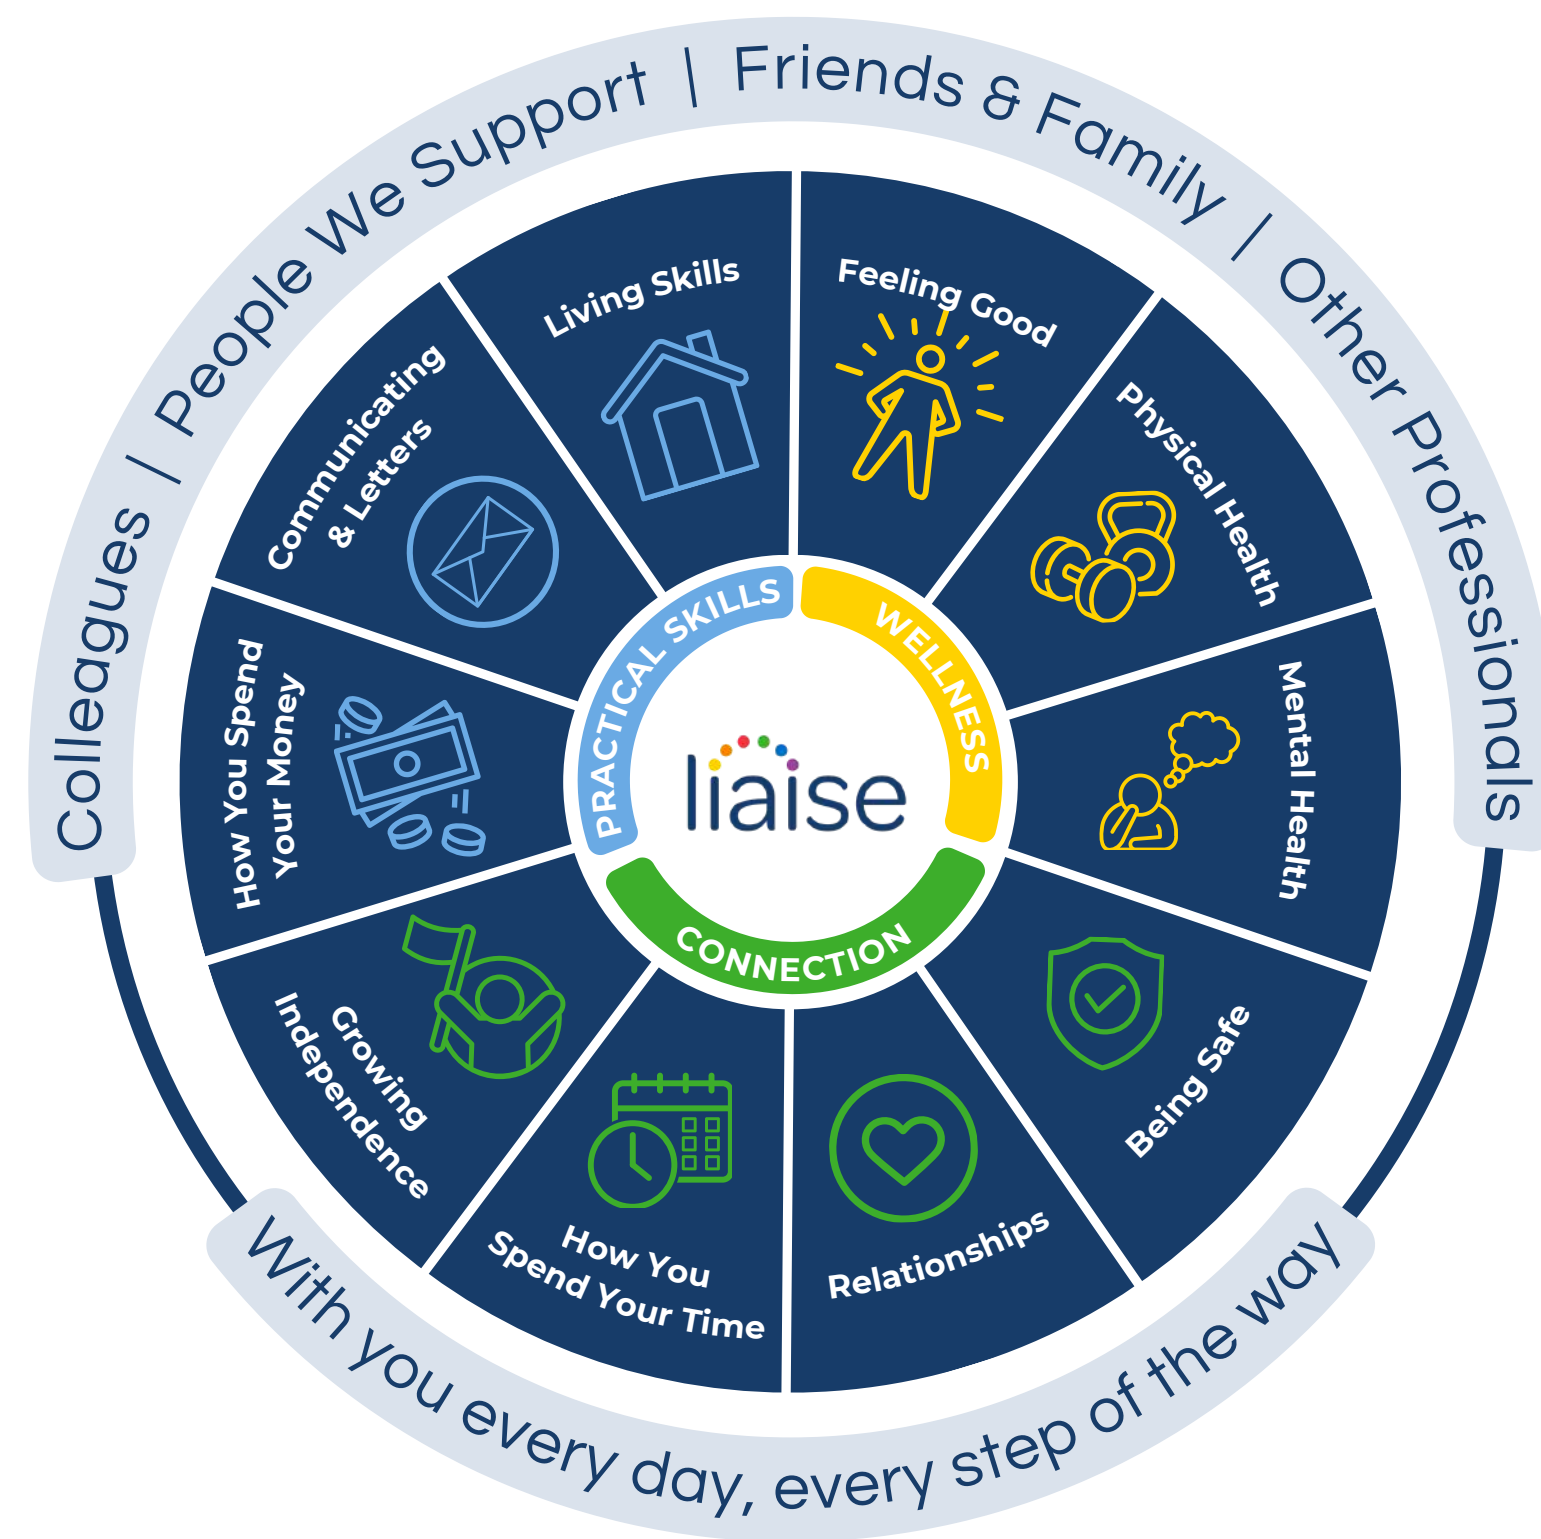

Improving lives

Built on the principles of Positive Behaviour Support (PBS) and Proact-SCIPr-UK training, our approach prioritises respect for individual needs, promotes independence, and ensures safety and well-being.

We go beyond standard care by equipping all team members with specialist PBS training, guided by the expertise of PBS Practitioners. Our approach enables us to deliver high-quality, tailored support that drives meaningful outcomes for the people we support.

Our Outcomes Pathway Model helps us design bespoke care strategies based on each person's hopes, goals, and aspirations.

Outcomes Based Success

Phillip recently sat down for an interview to share his experience living at one of our homes, and he spoke with real confidence.

He talked about how having his own space has helped him feel more independent and settled. One of the most exciting things he mentioned is that he's now starting to think about how to manage his money - with the goal of saving up for a holiday!
