Experience you can trust, support you can rely on

Our London residential and supported living homes provide specialist, bespoke support for adults with learning disabilities, autistic people, and individuals with complex needs and behaviours of concern. Backed by over 20 years of expertise, we combine Positive Behaviour Support (PBS) and Speech and Language Therapy (SALT) to deliver truly person-led care.

Why choose us?

Tailored Living - Our home offers spacious, calming environments designed around individual needs, including a sensory room and multiple garden spaces. Nearby amenities include a Learning Disability Day Centre and the expansive Lee Valley Regional Park, with over 10,000 acres of open space and waterways - ideal for nature walks and outdoor wellbeing.

Co-Produced, Person-Led Support - Shaped by people with lived experience, our support is built around each person's strengths, passions, and goals. That could mean volunteering in a charity shop, publishing blog posts, or leading art workshops - whatever matters most to them.

Why choose us?

Crossbrook also provides a calm and nurturing environment for individuals transitioning from in-patient settings, supporting each person to take confident steps toward more independent living.

We also provide short-term respite care, tailored to a wide range of needs - from recovery after hospital to offering carers a chance to rest.

Expert, Caring Team - All our staff are trained in Positive Behaviour Support (PBS) and Proact-SCIPr-UK. Each person we support has a tailored PBS plan, with input from our in-house PBS Practitioners, Speech and Language Therapists, and Occupational Therapists.

Co-production

We're proud to have an established Influencers Group, made up of supported individuals from our homes. This group plays a pivotal role in shaping our plans, ensuring they are genuinely aligned with the needs and aspirations of all those living in a Liaise home.

By listening to people with lived experience, we bring an enriched, authentic perspective to everything we do. From policy and practice reviews to designing new homes, their voices directly influence our approach to key working, goal setting, and designing services.

Our commitment to co-production means creating meaningful partnerships that drive inclusion and deliver homes truly tailored to those we support.

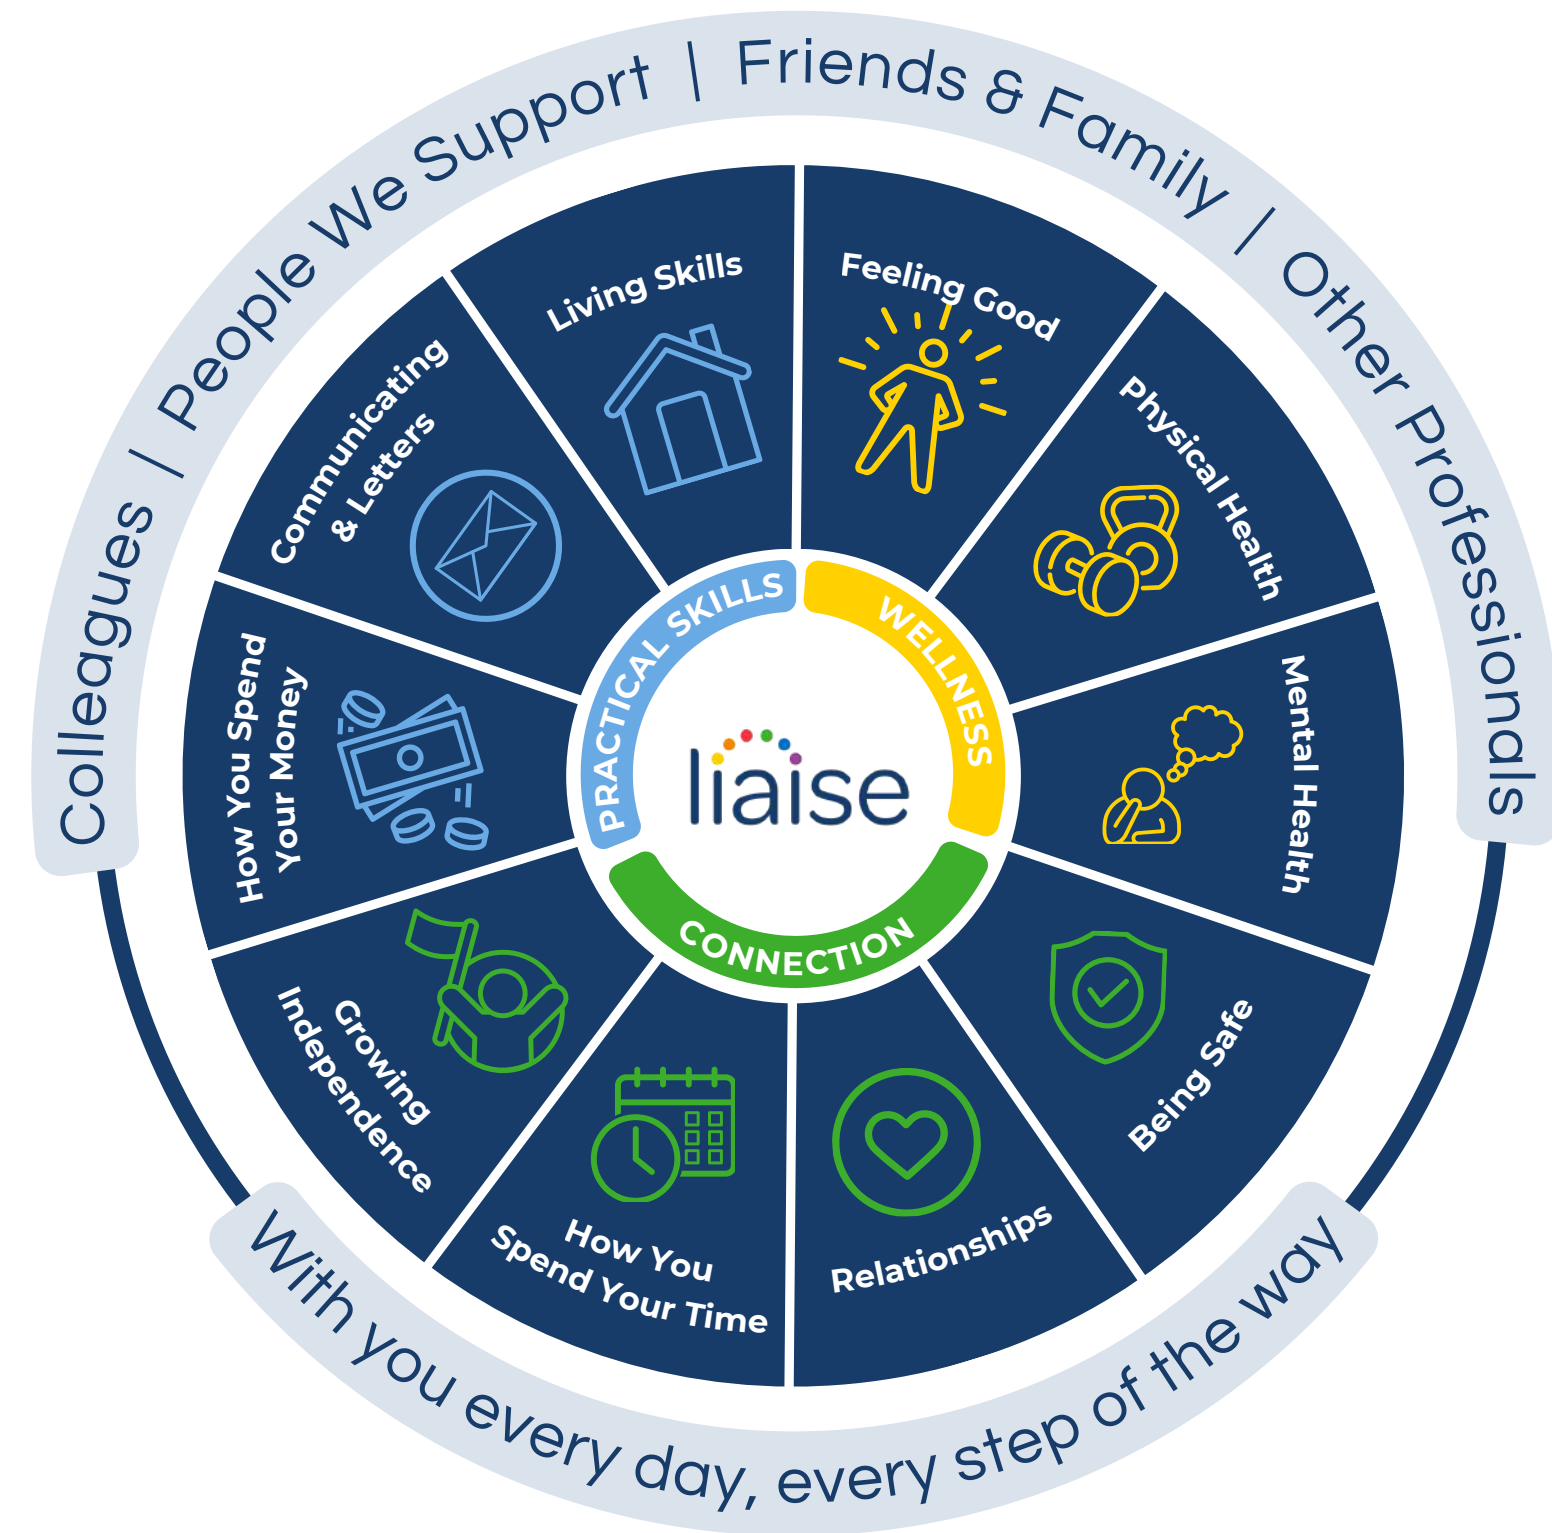

Improving lives

Built on the principles of Positive Behaviour Support (PBS) and Proact-SCIPr-UK training, our approach prioritises respect for individual needs, promotes independence, and ensures safety and well-being.

We go beyond standard care by equipping all team members with specialist PBS training, guided by the expertise of PBS Practitioners, Speech and Language Therapists, and Occupational Therapists. This collaborative approach enables us to deliver high-quality, tailored support that drives meaningful outcomes for the people we support.

Our Outcomes Pathway Model helps us design bespoke care strategies based on each person's hopes, goals, and aspirations.

Outcomes Based Success

The people we support recently came together for a joyful afternoon tea celebration that was all about connection, confidence, and community. With delicious treats, shared laughter, and plenty of dancing, the event created a vibrant space for meaningful social interaction. Friendships were strengthened, new bonds were formed, and everyone had the opportunity to shine - whether through conversation, movement, or simply being part of something special. Events like these play a vital role in boosting social confidence and nurturing a sense of belonging.
