Experience you can trust, support you can rely on

Our London residential and supported living homes provide specialist, bespoke support for adults with learning disabilities, autistic people, and individuals with complex needs and behaviours of concern. Backed by over 20 years of expertise, we combine Positive Behaviour Support (PBS) and Speech and Language Therapy (SALT) to deliver truly person-led care.

Why choose us?

Tailored Living - Our home offers spacious and calming environments designed around individual needs. Nearby amenities include scenic walks along the River Darent, Dartford town centre, and open green spaces like Darenth Country Park.

Co-Produced, Person-Led Support - Shaped by people with lived experience, we build care plans around each person's strengths and goals - like supporting someone with a passion for art to lead classes.

Expert, Caring Team - All our staff are trained in Positive Behaviour Support (PBS) and Proact-SCIPr-UK. Each person we support has a tailored PBS plan, with input from our in-house PBS Practitioners, Speech and Language Therapists, and Occupational Therapists.

Our Available First Floor Bedroom Includes:

- **Fully-Furnished Space:** Includes a single bed, dresser, wardrobe, and a table and chairs.
- **Private En-Suite Bathroom:** With a sink, toilet and a bathtub
- **Natural Light and Garden Views:** A large window fills the room with natural light and offers a calming view of the garden.

Co-production

We're proud to have an established Influencers Group, made up of supported individuals from our homes. This group plays a pivotal role in shaping our plans, ensuring they are genuinely aligned with the needs and aspirations of all those living in a Liaise home.

By listening to people with lived experience, we bring an enriched, authentic perspective to everything we do. From policy and practice reviews to designing new homes, their voices directly influence our approach to key working, goal setting, and designing services.

Our commitment to co-production means creating meaningful partnerships that drive inclusion and deliver homes truly tailored to those we support.

Improving lives

Built on the principles of Positive Behaviour Support (PBS) and Proact-SCIPr-UK training, our approach prioritises respect for individual needs, promotes independence, and ensures safety and well-being.

We go beyond standard care by equipping all team members with specialist PBS training, guided by the expertise of PBS Practitioners, Speech and Language Therapists, and Occupational Therapists. This collaborative approach enables us to deliver high-quality, tailored support that drives meaningful outcomes for the people we support.

Our Outcomes Pathway Model helps us design bespoke care strategies based on each person's hopes, goals, and aspirations.

Outcomes Based Success

When Matthew, who lives at Knoll House, decided to apply for a part-time role at Mencap's Community Hub, it marked an exciting step toward his goal of employment and independence. Although he initially lacked confidence, encouragement from his mum and support from the team helped him prepare, building his interview skills, recognising his strengths, and understanding what the role involved.

Matthew impressed the panel with his calm and confident approach. While he wasn't offered the job this time, Mencap praised his performance and encouraged him to keep going. Now, motivated and more self-assured than ever, Matthew is already preparing for his next opportunity.
