# Specialist Support From Day One

We provide bespoke support for adults with **learning disabilities** and **autistic people**, including those with **complex needs**, **behaviours of distress** and **experiencing mental health conditions**. Our approach is rooted in **Positive Behaviour Support (PBS)** and **PROACT-SCI Pr-UK**, ensuring support that is person-led and focused on promoting independence and wellbeing.

We have dedicated **in-house PBS Practitioners** and all team members receive **non-restrictive PBS and PROACT-SCI Pr-UK training**. This collaborative model enables us to deliver support that leads to meaningful progress, always driven by what matters most to the people we support.

# Committed to Co-Production

We have an established Influencers Group, made up of people we support, who play a pivotal role in shaping our services. Their insight ensures that everything we do reflects the needs, preferences, and aspirations of those with lived experience.

By actively listening to and involving this group, we embed authentic perspectives into every aspect of our work. From reviewing policies and practices to shaping key working approaches and designing new living opportunities, their voices directly influence how we develop and improve our support.

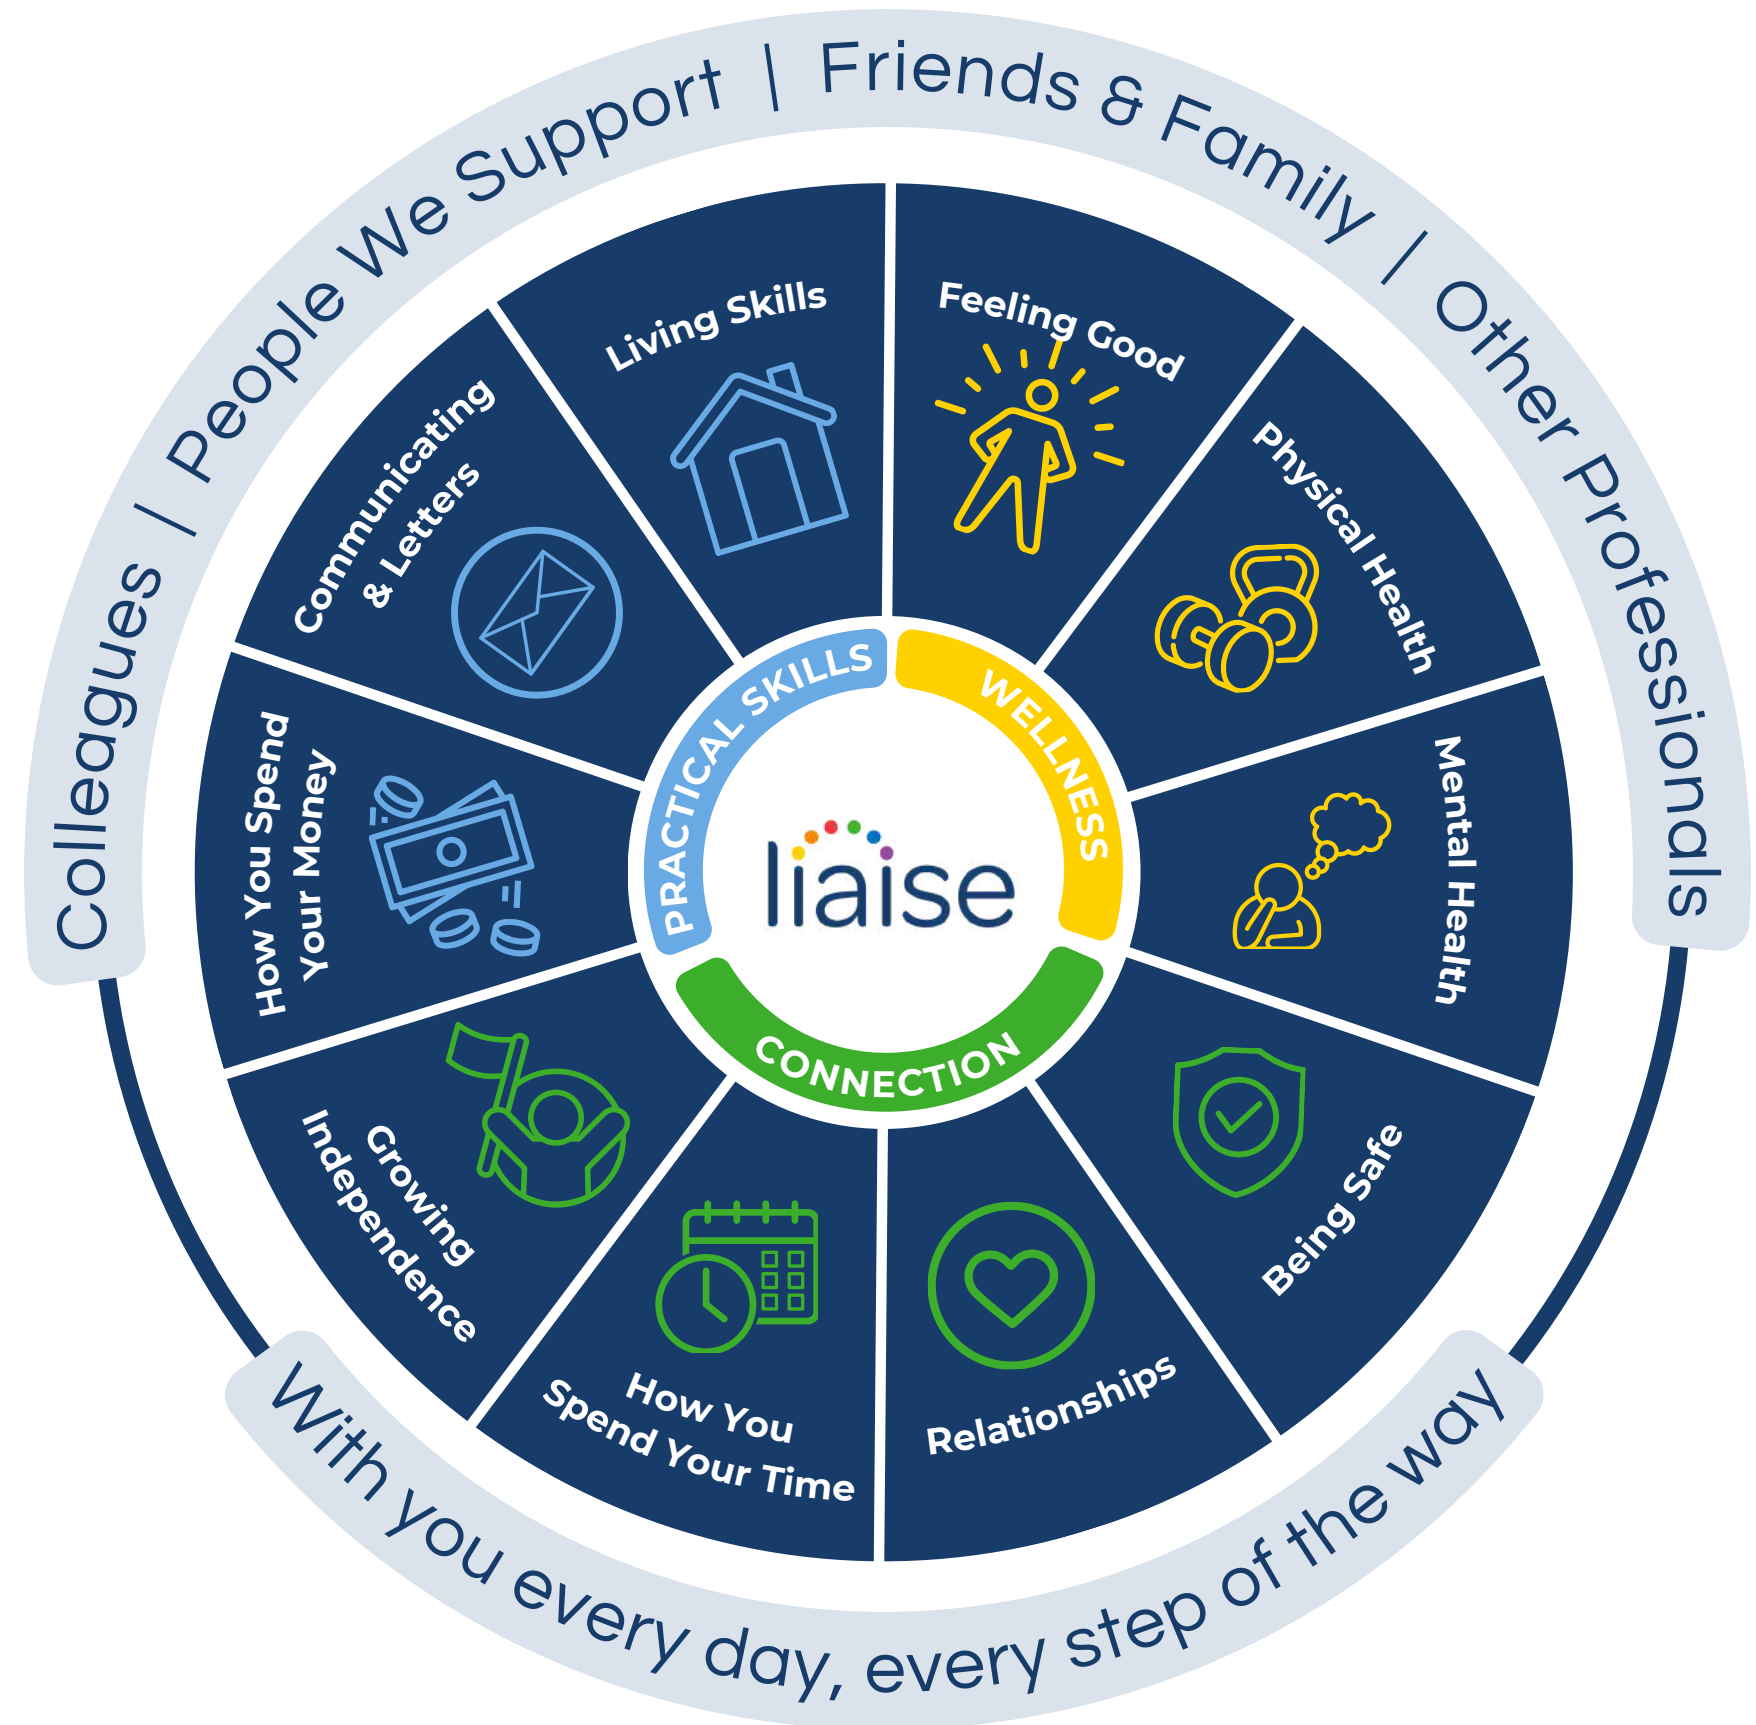

# Every Day, We Help People Thrive

Our Outcomes Pathway Model ensures support is designed with and for each person, creating tailored strategies shaped around their hopes, goals, and aspirations.

This multidisciplinary approach enables us to deliver high-quality, personalised support so people can achieve what matters most to them.

# Progress that Matters, Led by the People We Support

Sunny has been focusing on how he wants to spend his time and building the confidence to develop meaningful relationships with those in his community.

He recently led the planning for an evening out and chose exactly how he wanted to spend his time. He co-produced a risk assessment with staff, identifying what activities felt safe and meaningful for him. He decided to walk to a local pub, enjoy a drink, and play pool - showing increasing independence and comfort in his community.

He then chose to go to the cinema. With supportive planning from staff, Sunny enjoyed the trip and talked openly about how having evening activities gives him something to look forward to.
