Liaise's Specialist Support

We are Liaise.

We provide specialist support for adults.

We help adult people with learning disabilities and autistic people.

This includes people with complex needs and behaviours of distress.

Liaise's Specialist Support

Our approach is rooted in Positive Behaviour Support (PBS).

We also use PROACT-SCIPr-UK.

This means our support is respectful and focused on the person.

We help people become more independent and improve their wellbeing.

Liase's Specialist Support

All staff receive special training in PBS and PROACT-SCIPr-UK

We work together as a team.

This helps us give high-quality, personalised support.

We focus on what is important to each person.

Liaise's Specialist Support

In our Midlands region, we provide five key areas of specialist support.

We have a trained PBS Practitioner with a nursing background who supports people with complex behaviour needs.

Our support staff are trained in PROACT-SCIPr-UK to provide safe and positive support.

Liase's Specialist Support

We work with people to design flexible supported living services, including opportunities to open new homes.

We support people to move from hospital or higher support into supported living in a planned and safe way.

We help young people move into adult support with care that is right for their age and needs.

Our Specialist Support Team

Riverside Haven is supported by a special team called the **Positive Behaviour Support (PBS) Team**.

PBS helps people understand their needs and find positive ways to feel safe, calm and happy.

The PBS team will help you make a plan that is right for you and your goals.

Our Specialist Support Team

This is Simone.

Simone is a Positive Behaviour Specialist who supports Riverside Haven.

She will help you build your PBS plan and make sure the team supports you in the right way.
