Specialist Support From Day One

We provide bespoke support for adults with **learning disabilities** and **autistic people**, including those with **complex needs**, **behaviours of distress** and **experiencing mental health conditions**. Our approach is rooted in **Positive Behaviour Support (PBS)** and **PROACT-SCIPr-UK**, ensuring support that is person-led and focused on promoting independence and wellbeing.

We have dedicated **in-house PBS Practitioners** and all team members receive **non-restrictive PBS and PROACT-SCIPr-UK training**. This collaborative model enables us to deliver support that leads to meaningful progress, always driven by what matters most to the people we support.

Meet the Team

Brad, Regional General Manager for the South

Brad has over 25 years of experience across the learning disability sector and in senior leadership roles. He is passionate about partnership working and is dedicated to delivering person-led support that prioritises safety, independence, and helping people live their best lives.

Alexandra, Operations Manager for the South

Since 2013, Alexandra has shown the utmost dedication and passion that has seen her progress through senior leadership roles. Currently, she oversees homes across Basingstoke and Hampshire, driving high-quality support.

Natalia, Kennet Way's Registered Home Manager

Natalia brings 13 years of experience supporting people with learning disabilities and autism. Specialising in CQC compliance, safeguarding and staff development, and with an academic background in Oligophrenopedagogy, she is deeply committed to promoting the rights of wellbeing of neurodivergent individuals.

Committed to Co-Production

We have an established Influencers Group, made up of people we support, who play a pivotal role in shaping our services. Their insight ensures that everything we do reflects the needs, preferences, and aspirations of those with lived experience.

By actively listening to and involving this group, we embed authentic perspectives into every aspect of our work. From reviewing policies and practices to shaping key working approaches and designing new living opportunities, their voices directly influence how we develop and improve our support.

Every Day, We Help People Thrive

Our Outcomes Pathway Model ensures support is designed with and for each person, creating tailored strategies shaped around their hopes, goals, and aspirations.

This multidisciplinary approach enables us to deliver high-quality, personalised support so people can achieve what matters most to them.

Progress that Matters, Led by the People We Support

During May, Alexander took part in a range of meaningful community-based activities that supported his wellbeing, independence, and enjoyment.

He was supported to access local restaurants, where he chose meals independently and engaged well in a relaxed environment. Alexander also attended bowling and arcade venues, where he enjoyed a variety of games, remaining interested and actively involved throughout.

In addition, he used public transport to access the community and enjoyed visits to a leisure centre spa, where time in the jacuzzi helped promote relaxation and comfort.
