Committed to Co-Production

By actively listening to and involving this group, we embed authentic perspectives into every aspect of our work. From reviewing policies and practices to shaping key working approaches and designing new living opportunities, their voices directly influence how we develop and improve our support.

Every Day, We Help People Thrive

Our Outcomes Pathway Model ensures support is designed with and for each person, creating tailored strategies shaped around their hopes, goals, and aspirations.

This multidisciplinary approach enables us to deliver high-quality, personalised support so people can achieve what matters most to them.

Progress that Matters, Led by the People We Support

Rebecca enjoyed a positive and meaningful day out, taking part in a pottery painting activity that aligned with her passion for creativity.

She demonstrated good independence by choosing her own item to paint and selecting her preferred colours. The calm and supportive environment enabled her to fully engage, and she interacted positively with others, building confidence and social connections.

The day also included a visit to Worthing Pier, where Rebecca chose and enjoyed her favourite meal, fish and chips, further reflecting her ability to make choices and enjoy community experiences.
