Specialist Support From Day One

We provide specialist, bespoke support for adults with learning disabilities and autistic people, including those with complex needs and behaviours of distress.

Our approach is rooted in **Positive Behaviour Support (PBS)** and **PROACT-SCIPr-UK**, ensuring support that is respectful, person-led, and focused on promoting independence and wellbeing. We have dedicated **in-house PBS Practitioners** and **Speech and Language therapists** and all team members receive specialist PBS and PROACT-SCIPr-UK training. This collaborative model enables us to deliver high-quality, personalised support that leads to meaningful progress, always driven by what matters most to the people we support.

Committed to Co-Production

We have an established Influencers Group, made up of people we support, who play a pivotal role in shaping our services. Their insight ensures that everything we do reflects the needs, preferences, and aspirations of those with lived experience.

By actively listening to and involving this group, we embed authentic perspectives into every aspect of our work. From reviewing policies and practices to shaping key working approaches and designing new living opportunities, their voices directly influence how we develop and improve our support.

Every Day, We Help People Thrive

Our Outcomes Pathway Model ensures support is designed with and for each person, creating tailored strategies shaped around their hopes, goals, and aspirations.

This multidisciplinary approach enables us to deliver high-quality, personalised support so people can achieve what matters most to them.

Progress that Matters, Led by the People We Support

Harry lives at Oakdene House, where he is supported to build his independence and confidence in daily life. He enjoys a range of activities including art, crafts, swimming, bowling, cinema trips, shopping, and sailing, which has become a particular highlight for him. Harry attends Smerdon Day Centre weekly, where he creates artwork he is proud of and enjoys expressing his creativity.

Developing everyday life skills has been an important focus for Harry, and he now takes part in tasks such as making breakfast, planning shopping trips, and keeping his room clean and tidy. Spending time with his family is also very important to Harry, and he enjoys regular visits and holidays together.
