Committed to Co-Production

We have an established Influencers Group, made up of people we support, who play a pivotal role in shaping our services. Their insight ensures that everything we do reflects the needs, preferences, and aspirations of those with lived experience.

By actively listening to and involving this group, we embed authentic perspectives into every aspect of our work. From reviewing policies and practices to shaping key working approaches and designing new living opportunities, their voices directly influence how we develop and improve our support.

Every Day, We Help People Thrive

Our Outcomes Pathway Model ensures support is designed with and for each person, creating tailored strategies shaped around their hopes, goals, and aspirations.

This multidisciplinary approach enables us to deliver high-quality, personalised support so people can achieve what matters most to them.

Progress that Matters, Led by the People We Support

Craig spent his birthday enjoying a special trip with his dad to Smash It Rage Room, where they had lots of fun smashing various objects together and sharing a unique, energetic experience. Craig appeared to really enjoy the activity, engaging fully and showing clear excitement throughout the visit.

He then spent the rest of his birthday at Park House, celebrating with the people he lives with. The day continued in a warm and positive atmosphere, with music, laughter, and shared moments that made Craig feel celebrated and included. He appeared happy throughout, engaging with others and enjoying the relaxed and supportive environment.
