Our Residential Home in  
Romsey, Hampshire

# Specialist Support From Day One

We provide bespoke support for adults with **learning disabilities** and **autistic people**, including those with **complex needs**, **behaviours of distress** and **experiencing mental health conditions**. Our approach is rooted in **Positive Behaviour Support (PBS)** and **PROACT-SCIPr-UK**, ensuring support that is person-led and focused on promoting independence and wellbeing.

We have dedicated **in-house PBS Practitioners** and all team members receive **non-restrictive PBS and PROACT-SCIPr-UK training**. This collaborative model enables us to deliver support that leads to meaningful progress, always driven by what matters most to the people we support.

In-house PBS  
practitioners for  
complex  
behaviour

Proact-  
SCIPr-UK  
trained staff

Smooth transitions  
into adult support  
working with schools  
and colleges

Discharge pathway  
with clustered  
residential services  
and peer networks

# Meet the Team

**Brad**, Regional General Manager for the South

Brad has over 25 years of experience across the learning disability sector and in senior leadership roles. He is passionate about partnership working and is dedicated to delivering person-led support that prioritises safety, independence, and helping people live their best lives.

**Alexandra**, Operations Manager for the South

Since 2013, Alexandra has shown the utmost dedication and passion that has seen her progress through senior leadership roles. Currently, she oversees homes across Basingstoke and Hampshire, driving high-quality support.

**David**, Timaru's Registered Home Manager

Having worked in Care since 2004, David has years of experience supporting people in residential care, supported living, and community outreach. He has a broad spectrum of leadership roles in an operational capacity.

# Committed to Co-Production

We have an established Influencers Group, made up of people we support, who play a pivotal role in shaping our services. Their insight ensures that everything we do reflects the needs, preferences, and aspirations of those with lived experience.

By actively listening to and involving this group, we embed authentic perspectives into every aspect of our work. From reviewing policies and practices to shaping key working approaches and designing new living opportunities, their voices directly influence how we develop and improve our support.

# Every Day, We Help People Thrive

Our Outcomes Pathway Model ensures support is designed with and for each person, creating tailored strategies shaped around their hopes, goals, and aspirations.

This multidisciplinary approach enables us to deliver high-quality, personalised support so people can achieve what matters most to them.

# Progress that Matters, Led by the People We Support

Adam joined us last September after a long period of spending most of his time in bed with very limited daily engagement. He relied fully on staff for all transfers from his bed to his wheelchair and often felt unable to get up each day.

Since moving in, he has been supported through a personalised plan developed collaboratively with his father, the staff team, and involved medical professionals. This plan focuses on gently rebuilding mobility, comfort, routine, and confidence - always working at Adam's own pace and ensuring he feels safe and supported. Although still early in his journey, Adam has already made encouraging progress. He recently chose to get out of bed and remained up for several hours - something he had not felt able to do for a very long time. This was a significant and meaningful moment, bringing real joy to both his family and the team supporting him.

To make a referral, call or email

 0330 500 5052

 [referrals@liaise.com](mailto:referrals@liaise.com)

### Inquiry Received

We will respond within **24 hours** of referral
