Our Supported Living opportunity
in Littlehampton, West Sussex

Personalised Support From Day One

At Liaise, we have been supporting adults with learning disabilities, autistic people, and those with complex emotional, behavioural and mental health needs to build fulfilling lives on their own terms for more than 20 years.

We take the time to understand each person's strengths, relationships, communication style, aspirations and support needs. By listening to what matters most to them, we create personalised support that promotes wellbeing, independence and opportunity.

Whether someone is moving on from a more restrictive setting, developing daily living skills, managing their health and wellbeing, or pursuing new goals, we work alongside them every step of the way to achieve progress that is meaningful to them.

Peronalised Support From Day One

We provide bespoke support for adults with **learning disabilities** and **autistic people**, including those with **complex needs**, **behaviours of distress** and **trauma, distress, dysregulation and integration needs**. Our approach is rooted in **Positive Behaviour Support (PBS)** and **PROACT-SCIPr-UK**, ensuring support that is person-led and focused on promoting independence and wellbeing.

Meet the Team

Suzanne, Regional General Manager for the South East

Suzanne brings over 28 years of social care experience, including senior roles with the Active Care Group. She is committed to delivering outstanding outcomes and leads by example, creating supportive, high-quality environments for both the people we support and her colleagues

Stephanie, Operations Manager for the South East

Stephanie's background includes leading a 26-bed nursing service for Voyage Care. She is committed to collaboration and teamwork, ensuring the people we support receive high-quality care with dignity and respect, always striving to deliver the best possible outcomes.

Committed to Co-Production

We have an established Influencers Group, made up of people we support, who play a pivotal role in shaping our services. Their insight ensures that everything we do reflects the needs, preferences, and aspirations of those with lived experience.

By actively listening to and involving this group, we embed authentic perspectives into every aspect of our work. From reviewing policies and practices to shaping key working approaches and designing new living opportunities, their voices directly influence how we develop and improve our support.

Every Day, We Help People Thrive

Our Outcomes Pathway Model ensures support is designed with and for each person, creating tailored strategies shaped around their hopes, goals, and aspirations.

This multidisciplinary approach enables us to deliver high-quality, personalised support so people can achieve what matters most to them.

Progress that Matters, Led by the People We Support

Charlotte recently chose to take part in a planned community outing to buy something special for herself. She decided she wanted to spend her money on face masks for a self-care session - an activity she enjoys and finds calming. With support tailored to her mobility and safety needs, Charlotte visited the local shops and moved through the environment confidently and at her own pace. She appeared relaxed throughout the trip, showing her growing comfort and engagement in community settings.

Back at home, Charlotte took part in her personalised pamper session using the items she had chosen. Staff created a calm, sensory-friendly space, and Charlotte enjoyed aromatherapy, a gentle foot massage, and applying her new face mask.
